WHO I AM

I am a passionate game design student, currently attending an academy, with a strong focus on creating engaging gaming experiences. Through my studies, I've had the opportunity to apply my knowledge by developing small projects, and I'm eager to further expand my skills in the game design field.

Soft Skills
- Teamwork
- Flexibility
- Creative Thinking
- Motivation
- Problem solving
- Communication
- Logical Thinking

Hard Skills

Programming Languages
- C#

Web Development
- HTML, CSS
- Framework: Bootstrap

Database
- MySQL

Technical Skills

Integrated Development Environments (IDEs)
- Microsoft Visual Studio
- Visual Studio Code

Network Simulation
- Cisco Packet Tracer

Game Engines
- Unreal Engine
- Unity

Video Editing Software
- Adobe Premiere Pro

LANGUAGES

Italian - Native Speaker
English - Fluent

EDUCATION

High school diploma
ITTS "O. Belluzzi L. da Vinci" – State Technical Institute for Technology

2024 - 2026
Digital Bros Game Academy
Game Design Course

WORK EXPERIENCE

Year 2022-2023
School-Work
Adrias Online, Rimini RN
- Role: Front-end Developer

Tasks and Activities:
- Optimizing front-end performance for a better user experience
- Testing multi-device compatibility

CERTIFICATES

- Workplace Safety Certificate
- Cisco CCNA Security: Cybersecurity Certificate

OBJECTIVES

My goal is to continuously refine my game design skills and actively contribute to the development of engaging, immersive gaming experiences, collaborating with a dynamic team to push creative boundaries and innovate within the industry.
